RESOLUTION NO. 2019-10-16  
RESOLUTION APPROVING THE MODIFICATION OF MUNICIPAL DEVELOPMENT DISTRICT NO. 2,  
MODIFICATON OF THE DEVELOPMENT PROGRAM RELATING THERETO;  
THE ESTABLISHMENT OF TAX INCREMENT FINANCING DISTRICT NO. 2-3 WITHIN MUNCIPAL  
DEVELOPMENT DISTRICT NO 2  
AND ADOPTION OF THE TAX INCREMENT FINANCING PLAN RELATING THERETO

WHEREAS:

A. It has been proposed that the City of Halstad, Minnesota (the "City"), modify Municipal Development District No. 2 and a Development Program relating thereto and create Tax Increment Financing District No. 2-3 within Municipal Development District No. 2 and adopt a tax increment financing plan with respect thereto, under the provisions of Minnesota Statutes, Sections 469.124 to 469.134 and 469.174 to 469.1794 (collectively, the "Act"); and

B. The City of Halstad has investigated the facts and has caused to be prepared a modification of the development program for Development District No. 2 and a tax increment financing plan for Tax Increment Financing District No. 2-3; and

C. The City has performed all actions required by law to be performed prior to the modification of Development District No. 2, modification of the Development Program relating thereto, creation of Tax Increment Financing District No. 2-3 within Municipal Development District No. 2 and the adoption of the tax increment financing plan relating thereto, including, but not limited to, notification of Clay County and Norman County West School District having taxing jurisdiction over the property to be included in Tax Increment Financing District No. 2-3, and the holding of a public hearing upon published and required notice as required by law.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Halstad as follows:

1. Municipal Development District No. 2 and Tax Increment Financing District No. 2-3 within Municipal Development District No. 2. The City hereby approves the modification of Municipal Development District No. 2 and of the Development Plan relating thereto, and the establishment of Tax Increment Financing District No. 2-3 within Municipal Development District No. 2, the boundaries of which are fixed and determined as described in the Tax Increment Financing Plan.
2. Tax Increment Financing Plan. The Tax Increment Financing Plan is adopted as the tax increment financing plan for Tax Increment Financing District No. 2-3, and the City Council makes the following findings;

- (a) Tax Increment Financing District No. 2-3 is an economic development district as defined in Minnesota Statutes, Section 469.174, Subd. 12.

The reasons and facts supporting this finding are listed in Section 12 of the TIF Plan document.

- (b) The proposed development in the opinion of the City Council, would not occur solely through private investment within the reasonably foreseeable future and that the increased market value of the site that could reasonably be expected to occur without the use of tax increment financing would be less than the increase in the market value estimated to result from the proposed development after subtracting the present value of the projected tax increments for the maximum duration of Tax Increment Financing District No. 2-3 permitted by the Tax Increment Financing Plan.

The above finding is based on a letter submitted by the Developer stating that without the use of tax increment financing the Project could not proceed.

The City also finds that due to the amount of time the site(s) have sat in their current condition, the City finds no reason for additional development to occur without TIF assistance. Therefore, the City reasonably believes that the expected increase in market value at this site without TIF assistance would be minimal.

A comparative analysis of estimated market values both with and without establishment of the TIF District and the use of tax increments has been performed. Such analysis is included as Exhibit 5, indicates that:

1. the increase in estimated market value of the proposed development is \$987,100;
2. the present value of expected tax increments collected over the maximum duration of the TIF District is \$283,216; and
3. the expected increased estimated market value of the site without the use of tax increment is \$3,354; and
4. even if some development other than the proposed development were to occur, the Authority finds that no alternative would occur that would produce a market value increase greater than \$703,884 (the amount in number 1 minus the amount in 2)

- (c) The Tax Increment Financing Plan for Tax Increment Financing District No. 2-3 conforms to the general plan for development or redevelopment of the City of Halstad as a whole.

The reasons and facts supporting this finding are that the current zoning of the property provides for commercial development as a permitted use, and rezoning will not be required.

- (d) The Tax Increment Financing Plan will afford maximum opportunity, consistent with the sound needs of the City of Halstad as a whole, for the development or redevelopment of Tax Increment Financing District No. 2-3 by private enterprise.

The reasons and facts supporting this finding are that the development activities are necessary so that development and redevelopment by private enterprise can occur within the Development District

3. Public Purpose. The adoption of the modified Development District and Tax Increment Financing Plan conforms in all respects to the requirements of the Act and will help fulfill a need to develop an area of the City which is already built up to provide employment opportunities to improve the tax base, and to improve the general economy of the State and thereby serves a public purpose.
4. Authorization of Interfund Loan. The City hereby authorizes internal funding in a principal amount equal to all Project costs listed in the TIF Budget. Funds will be provided from the General Fund, repaid over the term of the TIF District, and include interest at a fixed rate of 5.0%. (This interest rate is the greater of the rates specified under Minnesota Statutes 270C.40 and 549.09.)
5. Certification. The Auditor of Norman County is requested to certify the original net tax capacity of Tax Increment Financing District No. 2-3 as described in the Tax Increment Financing Plan, and to certify in each year thereafter the amount by which the original net tax capacity has increased or decreased in accordance with the Act; and the City Clerk-Treasurer is authorized and directed to forthwith transmit this request to the County Auditor in such form and content as the Auditor may specify,

together with a list of all properties within Tax Increment District No. 2-3 for which building permits have been issued during the 18 months immediately preceding the adoption of this Resolution.

6. Filing. The City Clerk-Treasurer is further authorized and directed to file a copy of the amended Development Program and the Tax Increment Financing Plan with the Commissioner of Revenue and Office of the State Auditor.
